October 14, 2015 Patch Notes
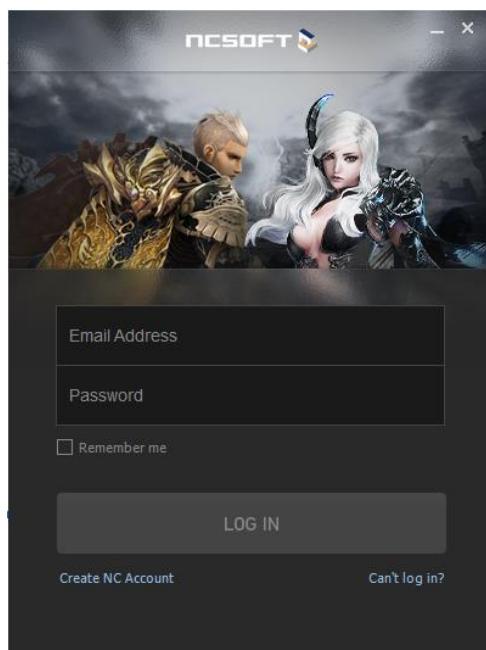

Login

1. The login window has been moved outside the game. Upon login, the launcher will start and game updating will commence.

- The client will skip the login screen and load to the EULA screen.

Server

1. The Fast-Track Server is now available for characters up to level 60.

- Several instance entry points have been added to Inggison and Gelkmaros.

Instances	
Dragon Lord's Refuge	Aturam Sky Fortress
Tiamat Stronghold	Raksang Ruins
Beshmundir Temple	Rentus Base

UI

1. Added a UI function to report gold selling.

- Right-click on a gold seller's name and click "Report Spam." After enough reports, the character will be silenced and cannot speak.

- Misuse of this reporting feature will be sternly punished.

2. Due to the new login flow, the option to return to the login screen has been removed from the in-game menu.
