Fortress Sieges

- Fortress Guardian Deity Generals disappear after 30 minutes on their own spawn timer.

If your race successfully defends the guardian within the 30-minute timer, then you succeed in defending the fortress.

Divine Fortress Guardian Deity Generals spawns last 2 hours as usual.

Rewards for defending a fortress are not limited to legion members only anymore. Depending on your contribution during defense, you will earn the rewards that will be delivered via mail right after the siege ends.

Contributions from doing other things (killing NPCs, Fort gates, Fort guardians) remain the same.
